WORK EXPERIENCE

HackSquad   **Sep. 2023 – Current 2023**
Full Stack Engineer   *Baku, AZ*

- Spearheaded the development of cutting-edge web applications at HackSquad startup, showcasing expertise in frontend technologies, particularly Next.js, to deliver a seamless and user-friendly interface.
- Played a pivotal role in the backend architecture of projects, leveraging proficiency in Spring to ensure robust and scalable solutions, enhancing overall system performance and reliability.
- Collaborated with cross-functional teams to successfully implement end-to-end solutions, demonstrating versatility in both frontend and backend technologies at the startup, contributing to the company's technological innovation and success.

NextGen Mortgage   **May 2023 – Aug. 2023**
Backend Developer   *Baku, AZ*

- Orchestrated backend development initiatives at NextGen Mortgage startup, leveraging Nest.js to craft scalable server-side solutions, with a specialized focus on robust authentication and authorization services. Exhibited a commitment to delivering high-quality code and optimizing system performance.
- Applied advanced Nest.js expertise to streamline the development lifecycle, ensuring seamless communication between server and client components. Contributed significantly to the efficiency and maintainability of backend systems, emphasizing expertise in authentication and authorization.

ElmX   **April 2023 – May 2023**
Frontend Developer   *Baku, AZ*

- Led the charge in frontend development at ElmX startup, employing Next.js to architect and implement captivating web interfaces. Illustrated a keen sense of design aesthetics and user interaction, ensuring a seamless and visually appealing user experience.
- Utilized advanced expertise in Next.js to enhance frontend development processes, promoting efficient communication between design and functionality. Played a pivotal role in refining the visual and interactive aspects of web applications, contributing to an elevated user experience.

EDUCATION

Baku Higher Oil School   **August 2025**
Petroleum Engineering   *Baku, AZ*

- 3.7/4.0 GPA
- Participated in several tech related clubs ranging from Data Science to Graphic Design, as well as sports clubs including tennis and volleyball.
